

POOVARASAN P

Java Developer | Core Java & Backend Fundamentals

Chennai, Tamil Nadu • poovarasap.mail@gmail.com • +91 90433 38322 • [linkedin.com/in/poovarasanpugalendhi29](https://www.linkedin.com/in/poovarasanpugalendhi29)

PROFESSIONAL SUMMARY

Java developer with a hands-on foundation in Core Java, object-oriented design, and the Collections Framework, built through a structured development internship, applied academic projects, and competitive programming. Designed and validated a multi-module personal finance console application using OOP, exception handling, and file handling, and works comfortably across SQL-based data layers (Oracle, MySQL) — including joins, subqueries, and query optimization. Ranked India Rank 184 (Global Rank 548) worldwide in IEEE Xtreme 17.0, reflecting strong algorithmic thinking and problem-solving under pressure. Looking to apply this foundation in Java, data structures, and database fundamentals to build and maintain reliable, well-tested software.

CORE SKILLS

- Programming & OOP:** Core Java, Java 8 (Lambda Expressions, Functional Interfaces, Method References, Constructor References), Encapsulation, Inheritance, Polymorphism, Abstraction, Design Patterns
- Data Structures & Algorithms:** Collections Framework, Iterators, Comparable, Arrays, Strings, Searching, Sorting, Recursion, Tree Traversal
- Core Concepts:** Multithreading, Exception Handling, File Handling, Constructors, Method Overloading, Java Memory Management, Association/Aggregation/Composition
- Database (SQL):** Oracle SQL, MySQL, Joins, Subqueries, Aggregate Functions, Set Operators, GROUP BY/HAVING/ORDER BY, DDL/DML/DCL/TCL, Normalization, Views, Indexes, Sequences, Query Optimization
- Testing & Debugging:** Unit Testing Concepts, Manual Testing, Debugging, Code Analysis, JVM/JDK/JRE Architecture
- Professional Strengths:** Analytical Thinking, Problem-Solving, Team Collaboration, Event Leadership & Coordination

PROFESSIONAL EXPERIENCE

Java Software Development Intern — QSpiders, Coimbatore

Industry-Oriented Training Program

- Engineered multiple Java console applications using Object-Oriented Programming, the Collections Framework, Exception Handling, and File Handling to build functional, maintainable modules.
- Applied data structures, algorithms, and problem-solving techniques across structured technical exercises, strengthening Core Java proficiency and debugging accuracy.
- Completed industry-oriented training covering Core Java, SQL, and end-to-end software development workflows.

PROJECTS

FinTrack — Personal Finance Management System

Technologies: Core Java, Java 8, OOP, Collections Framework, Exception Handling, File Handling

- Designed and built a console-based personal finance application in Core Java to track income, expenses, budgets, and transaction history.
- Structured the application using Encapsulation, Inheritance, Abstraction, and Polymorphism for a modular, extensible codebase.
- Leveraged the Collections Framework and Iterators to manage transaction and category data efficiently.
- Validated application behavior through manual testing, debugging, and code review, ensuring functional reliability.

EDUCATION

Bachelor of Electronics and Communication Engineering

2022 – 2026

Panimalar Engineering College, Chennai | CGPA: 7.3

Higher Secondary Education (HSC)

2020 – 2022

Sri Vijay Vidyalaya Matric Hr. Sec. School | HSC: 73% | SSLC: 84%

ACHIEVEMENTS & LEADERSHIP

- IEEE Xtreme 17.0** (Global Competitive Programming Contest) — achieved Global Rank 548, India Rank 184, ranking 1st in the ECE Department.
- Won Hackatronics 2025, a technical competition organized by UNO MINDA & Panimalar Engineering College.
- Presented an international project at IEEE YESIST12, Malaysia; helped organize 500+ technical events, workshops, and seminars.
- Recognized for volunteer leadership by IEEE Madras Section, IEEE India Council, and IEEE YESIST12; recipient of the Crown Jewel of Excellence — Best Student Performer award.
